Description	Our college has celebrated World Environment Day. Students of our college organised the following programme as part of the World Environment Day on Monday 05th June 2017. As part of the Grow Your Own Forest project, the volunteers planted one sapling each at their residences, which motivated and inspired them to plant additional saplings in and around their communities and contribute to a greener planet. Seed you sow, as a part of this programme the volunteers would collect as many seeds as possible for a week which will help them to build and manage a sustainable ecosystem for future generations. Environment cleanliness sweeping was included in the program. Finally thanks to our Management, Principal Dr. S. S. Patil sir & all staff members for this wonderful idea.
