Collaboration/MOU	-
Description	World Environment Day (WED) is celebrated on 5 June every year, and is the United Nations' Dr. A. P. Gadad Principal vehicle for encouraging awareness and action for the protection of the environment. First held in 1974, it has been a flagship campaign for raising awareness on environmental issues emerging from marine pollution, human overpopulation, and global warming, to sustainable consumption and wildlife crime. World Environment Day has grown to become a global platform for public outreach, with participation from over 143 countries annually. Each year, WED has provided a new theme that major corporations, NGOs, communities, governments and all celebrities worldwide adopt to advocate environmental causes. All students were involved in cleaning of college area. Waste plastic materials were collected and dumped at particular area where wastage is kept. In the morning session this activity was carried out that is tree plantation, Rain water harvesting or waste water treatment. Awareness regarding pollution was made in village.
